

PROOF OF VACCINE CHECK-IN PLAN

Dear Members,

We know the PHO updates have been quite complicated and likely to still change again, and we thank you for your patience as we continue to navigate. The recent orders are reflective of the minimum standards required by the government. As the NSWC is a large, multi-faceted private club, that includes multiple dining areas, the Board has determined requirements unique to our facility and that we need to be more stringent than these guidelines. Your health and safety is our priority.

Our current policy continues that all Members, guests, non-members registered in programs, employees and contractors aged 12+, must have received at least one dose of the COVID-19 vaccine to enter North Shore Winter Club's premises by **September 13, 2021**, there are no exceptions for youth recreational sport at this time.

Vaccine Check-in Procedures

From **September 13th to 26th**, you can use a smart phone screenshot, paper, or photo copy of your immunization record. The easiest way to show proof is using the BC Vaccine Card. A QR code will also soon be available from the BC Government site for your smart phone.

For information on the latest provincial health officer's orders and guidance, visit: [Government of BC](#).

Vaccine Card Registration Procedures

To help ensure a smooth transition to the September 13th PHO vaccine card guidelines, we are also offering all members the opportunity to pre-register their vaccination status with the Club. To do so, please email a digital copy of your card to vaccine@nswc.ca. By pre-registering, members should understand that they are providing consent to have their proof of vaccination recorded and that we are asking to keep a record of your vaccination status only to make it easier for return visits.

You can get more information about your vaccine card from the [BC Government vaccine card website](#). If you have your personal health number and the date that you received one of your vaccine doses, click [Get my BC Vaccine Card](#). Once you have saved or printed the digital copy, you can email it to vaccine@nswc.ca. If you cannot use your mobile device, you may also get your vaccine card by using the BC Services app.

All members who have not yet sent their vaccine status, will still need to show their card to Member Services to use the Club's facilities upon first arrival. Guests or non-members will be required to show proof of vaccination each visit (unless in a registered program, which will only require verification on the first club visit).

Our Commitment

- *By emailing us a copy of your vaccination record, we have your consent. We will keep your consent in writing to reference for the future if needed.*
- *We will delete all records once the proof of vaccination requirement is lifted.*
- *We also have a process in place to allow a member to withdraw consent.*

We appreciate your compliance with the Club and Government policies.

We will continue to make our Vaccine Check-in processes as efficient as possible. We thank you for your patience.

COVID-19 Medical Dues Relief

For those members who have a medical condition which prevents them from getting vaccinated, and therefore entering the Club, please contact the General Manager, Joanna Hayes, at jhayes@nswc.ca for additional information. Please note, you will need to provide medical evidence to be considered for the COVID-19 Medical Dues Relief, which is reviewed and approved by the General Manager and Board Executive. All requests are confidential.

Thank you,

Board of Directors & Joanna Hayes, General Manager.
